Fire Technology Program

**Santa Rosa Junior College
Accredited Regional Training Program (ARTP)
Self-Assessment Report 2020
Request for Reaccreditation**

Date: September 4, 2020

**TO: Andrew Henning, Division Chief
California State Fire Training
2251 Harvard Street, Suite 400
Sacramento, CA 95815**

**FROM: Santa Rosa Junior College Public Safety Training Center
1501 Mendocino Ave. 5743 Skylane Blvd.
Santa Rosa, CA 95401 Windsor, CA 95492**

Phone: 707-836-2913

The self-assessment report being submitted is in preparation for the renewal of accreditation for Santa Rosa Junior College as an Accredited Regional Training Program (ARTP, ARA95-006). The Santa Rosa Junior College Public Safety Training Center (Fire Academy, Fire Technology) would like to continue to offer its entire range of courses that have been offered for the last several years. This includes the core courses for its degree programs following the Fire and Emergency Services Higher Education (FESHE) model, 2019 NFPA 1001 Firefighter 1 & 2, 2016 NFPA 1051 Wildland Firefighter, NFPA 472 Standard for Responders to Hazardous Materials/WMD Incidents, California State Fire Training certification testing, and additional FSTEP and/or CFSTES courses for the fire academy or to the fire service. This self-assessment report accurately reflects the nature and substance of the Santa Rosa Junior College Fire Technology and Fire Academy programs and meets all of the requirements for reaccreditation.

Respectfully Submitted By:

Frank Chong

Frank Chong, President/Superintendent
Santa Rosa Junior College
